| Table 58: | Generally speaking, how much less expensive would a store brand have to be for you to choose it over a national / name brand? .....                                                | 61 |
| Table 59: | For the following types of items, how much of a savings would be required for you to switch away from your current preferred brand to another product? .....                       | 62 |
| Table 60: | How busy are you today compared to a year ago?.....                                                                                                                                | 64 |
| Table 61: | How has the economy changed your visitation at each of the following? .....                                                                                                        | 64 |
| Table 62: | When eating at home rather than at restaurants, do you feel like you are “trading down”? (all) .....                                                                               | 65 |
| Table 63: | When eating at home rather than at restaurants, do you feel like you are “trading down”? (by demographic) .....                                                                    | 65 |
| Table 64: | Generally speaking, what is more appealing to you (in terms of taste, quality, etc.)?.....                                                                                         | 65 |
| Table 65: | Generally speaking, do you find it to be more economical to ?.....                                                                                                                 | 65 |
| Table 66: | Generally speaking, how would you rate the quality of products in the fresh deli, bakery, and prepared food areas of the store compared to those found in the regular aisles?..... | 68 |
| Table 67: | Generally speaking, how would you say the price of products in the fresh deli, bakery, and prepared food areas of the store compare to those found in the regular aisles?.....     | 68 |
| Table 68: | Regarding products in the fresh deli, bakery, and prepared food areas of the store, with which of the following do you agree most strongly? (all) .....                            | 72 |
| Table 69: | Regarding products in the fresh deli, bakery, and prepared food areas of the store, with which of the following do you agree most strongly? (by demographic) .....                 | 73 |
| Table 70: | Over the past year, are you purchasing meals at the...?.....                                                                                                                       | 74 |
| Table 71: | Compared to fast food restaurants, how would you rate the quality of meal items (sandwiches, etc.) available at the in-store deli of the grocery store...?.....                    | 74 |
| Table 72: | Over the past year, are you purchasing meal items (such as pizzas and pastas) at the prepared food area of the grocery store...? .....                                             | 74 |
| Table 73: | Respondent Distribution.....                                                                                                                                                       | 75 |
| Table 74: | In response to the current economy, would you say that your customers have significantly changed their purchasing behavior for food and beverage products?.....                    | 75 |
| Table 75: | In which of the following ways have your customers changed their food and beverage purchasing behavior? .....                                                                      | 75 |
| Table 76: | Statement Agreement .....                                                                                                                                                          | 76 |
| Table 77: | What of the following does your store plan to do over the coming year in response to the economy? .....                                                                            | 78 |
| Table 78: | Which of the following changes, if any, has your operation made with its in-store deli, bakery, or prepared food areas?.....                                                       | 78 |
| Table 79: | Rate how well each of the following defines “value” in your mind.....                                                                                                              | 80 |
| Table 80: | Which of the following methods of saving money on food purchases are very appealing to you? .....                                                                                  | 86 |
| Table 81: | Which of the following do you use to discover good prices on food & beverage products? .....                                                                                       | 86 |
